

CHARTER
of the
COMMITTEE ON SCIENCE AND TECHNOLOGY ENTERPRISE
NATIONAL SCIENCE AND TECHNOLOGY COUNCIL

Official Designation

The Committee on Science and Technology Enterprise (CSTE) is hereby reestablished by action of the National Science and Technology Council (NSTC). The NSTC, a Cabinet-level council, is the principal means for the President to coordinate science and technology policies across the Federal Government. The CSTE provides Federal science and technology (S&T) enterprise-wide guidance and direction to the NSTC as it conducts its policy deliberations.

Purpose and Scope

The purpose of the CSTE is to advise and assist the NSTC, under Executive Order 12881¹, to increase the overall effectiveness and productivity of Federal research and development (R&D) efforts in the area of science and technology. The CSTE was formed in response to the charge of the OMB-OSTP FY2019 R&D Budget Priorities memo to increase efficiency across Federal R&D efforts. The Committee will coordinate significant S&T issues that cut across the other NSTC committees.

Functions

Reporting to and under the direction of the Executive Director of the NSTC, the CSTE will:

1. Facilitate planning, coordination, and communication among Federal departments and agencies involved in supporting the S&T Enterprise and related efforts;
2. Help identify, define, and advise the NSTC on Federal priorities and plans for crosscutting S&T issues, and recommend options for Federal priorities;
3. Coordinate with other NSTC committees and facilitate NSTC clearance of documents generated by interagency groups that are established under its aegis; and
4. Direct, coordinate, and prioritize the work of sub-bodies established by the CSTE.²

The CSTE Co-Chairs, consistent with the Committee's endorsement, will recommend action on major R&D issues to the Director, Office of Science and Technology Policy for approval.

¹ Exec. Order No. 12881, *as amended* (1993).

² The list of current CSTE Subcommittees, their members, and their Co-chairs is located in Appendix 1 to this Charter.

Membership

The following NSTC departments and agencies are represented on the CSTE:

- Department of Agriculture;
- Department of Commerce;
 - National Institute of Standards and Technology (Co-Chair);

- Office of the Vice President; and
- Office of Science and Technology Policy (Co-Chair).

Cooperating departments and agencies shall include such other Executive organizations, departments, and agencies as the Co-Chairs may designate, as appropriate.

Private-Sector Interface

The CSTE may seek advice from the President's Council of Advisors on Science and Technology to secure appropriate private sector advice and will recommend to the NSTC and/or the OSTP Director the nature of additional private-sector³ advice needed to accomplish its

³ The Federal Advisory Committee Act, 5 U.S.C. App., as amended, does not explicitly define "private sector," but the phrase is generally understood to include individuals or entities outside the Federal government such as, but not limited to, the following: non-Federal sources, academia, State, local or Tribal governments, individual citizens, the public, non-governmental organizations, industry associations, and international bodies.

mission. The CSTE may also interact with and receive *ad hoc* advice from various private-sector groups consistent with the Federal Advisory Committee Act.

Termination Date

Unless renewed prior to its expiration, the CSTE shall terminate no later than January 31, 2019.

Determination

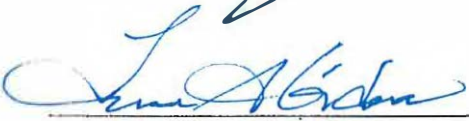

I hereby determine that the establishment of the CSTE is in the public interest in connection with the performance of duties imposed on the Executive Branch by law, and that such duties can best be performed through the advice and counsel of such a group.
